Application 000249 ARNEWOOD COURT FARM HOUSE, BARROWS LANE, SWAY, LYMINGTON, SO41
Detached garage with home office over; Brick wall with entrance gates; window alterations

1. New Forest Association (NFA) objects to this application in a conservation area.
2. NFA's oft-repeated objection is to the use of external stairs on the outbuilding. They have no tradition locally and in rural architecture in general, evoking thoughts of urban fire escapes. I would also be happier if the roof were not hipped; again this is not traditional as such a roof would interfere with any lifting system.

Yours sincerely,
